JOSIAH TURNER, Jr., EDITOR.

"POOR MEN PAY NO TAXES."

We often hear the above expression from members of the Radical party, when it is intimated that the poor men—those who depend upon their daily labor for the support of their families—are suffering from the burdens of taxation. "Why," say they "how can they be suffering, when they don't own a cent's worth of taxable property, neither do they have income tax to pay. Poor men pay no taxes. It is only an electioneering dodge of Democrats to get their votes." We are sorry to say that there are many laboring men who believe this talk. They are not called upon by the regular tax collectors, and *directly* they pay no tax. But let us see whether, *indirectly*, they do not pay something.

Perhaps he buys, on an average, a pound of coffee per week; on this he pays a tax of 5 cents per pound or $1 60 per year.

He may use 12 pounds of tea per year; on this he pays a tax of $3.00.

He would of course need sugar to sweeten his tea, and for other purposes, probably 104 pounds per year; on this he pays a tax of $5.20.

He may use a gallon of molasses per month, on which there would be a tax of 96 cents per year.

He might need a pair of nice woolen blankets for the inclement season; he would have to pay a tax of $2.20.

Say he would want twenty yards of cheap carpeting; it would cost him $16,00 tax; if of a better quality ingrain for instance, $18,00 tax; if for a still better quality, venetian, only a tax of $30.00. But he wouldn't want the two last, as only the rich can afford it, and he would have to pay a double tax on account of his poverty.

He would want some clothing, a summer and winter suit, and he must pay a tax of $5 to get them.

His wife would want two calico dresses on which there would be a tax of $1.25.

He might have the habit of using tobacco, which would require a tax of $7.36 per year to indulge it, or he might like his "livers," but a tax of 50 cents per gallon would be required of him. Say he indulges freely his "nips," at one gallon per month, and the tax would be $6 per year. But probably our Radical friends may object to our having these two latter items placed in our tax list, as they "have no bad habits." Well, that may be so, but $80,000,000 are annually paid on these items by the people of this country.

We might extend this list much further, but let us add up these items enumerated, and we find a total tax of $343,87 exclusive of the liquor tax. Poor men pay this, not to the tax collector, but to every one of whom he buys. He is paying his taxes every day he buys a spool of thread, a bunch of matches, and a pound of salt. Most of the above items were exempt when Democrats controlled this country; but now the manufacturers must be protected, and the bondholders must have a big interest, and their bonds must be paid in gold, although the law only requires their payment in currency. Yes the poor man pays tax on all he eats, drinks, wears or uses. Just think of it, a poor man who earns a dollar a day, or $325 per year, pays as much tax as the bondholder who has $18,000 invested in government securities, and draws an interest of $1,000 in gold, or $1,340 in currency.

Is it right? Is it honest? Is it just? Why does the laboring man, who does not own a cent's worth of property, pay as much tax as the man who owns fifteen or twenty thousand dollars' worth? Will the Radical leaders answer? Dare they deny the truthfulness of this statement? No, they will not, they dare not. That party has combined with the wealth of the country to oppress and burden the mechanic, farmer and laboring men, and we are sorry to say it, many of this class are helping to rivet the shackles and bind the chains upon themselves and upon their children. And why? Merely because it is advocated by the Radical party.

Would it not be well for them to weigh and consider these questions? They are worthy of it, and are closely connected with their future interests and welfare.—*Geneva Advertiser.*

WORK FOR THE MONTH.

October is usually a beautiful month for cotton picking, and the work should be pushed forward vigorously. When cotton is high priced, as at present, *quality* is a very important matter—nice handling in picking, ginning and packing will pay handsomely. The corn crop, in most parts of the South, will be short—let it be housed as soon as *dry*, that none may rot in the fields. To make up for deficiency of corn crop, we would urge upon our readers to sow largely of small grain. Oats would do better sown in September, but they may still succeed well if sown at once. Break the ground well and cover with turning shovel; a little guano will make a very great difference in the yield. We pray also, that ample breadth of land be given to the wheat crop; or, rather, we should have said, let an ample quantity of manure be given to it; for a few acres, *well* manured and well prepared, can be relied on with more certainty than a large number poorly prepared and manured. Plow deep, but leave a care especially that the upper layer of the soil be *thoroughly pulverized*. As all know, the wheat plant sends out *numerous small fibrous roots*—these slender fibres cannot force their way through hard cold, cloddy masses, whereas, the object of nature, in this arrangement of roots, is to make *every part* of the soil tributary to the growth of the plant. The manure ought, therefore, for a like reason, to be thoroughly incorporated with the soil, particularly the upper layers, for it is in these that the roots especially ramify. In this vicinity the largest yields have followed the application of cotton seed with guano and dissolved bones. The wheat plant delights in nitrogenous manures, and, growing in the rainy season of the year, is less apt than other crops to suffer from the free application of such manures. Experiments have quite clearly shown that, with a given quantity of manure, it is best to make two applications of it, one in the fall—another in the spring in form of a top dressing. Another point which may now be regarded, as well established by experiment, is, that drilled wheat, highly manured, and of rank growth, will not fall down like the broadcasted under similar circumstances—the stem of the former, from better exposure to light and air, is not so soft and succulent as that of the latter. Experiments have not yet determined what the width of the drill should be. One thing we feel quite assured of, that a sufficient width to permit workings to destroy the weeds, would be of very great advantage to the crop. Every one knows how much our wheat fields are infested with weeds in early spring, and there is no reason why the wheat plant should not suffer from there disputing the soil with it, as well as corn or cotton under like circumstances. Except along the coasts and warmer parts of the South, the grain should be in the ground before the last of October. We hope our agricultural societies will undertake *experiments* to decide the best time for sowing in different latitudes. Get the best seed, with a coarse sieve get out all the cockle, cheat and defective grains, put the balance in a pretty strong solution of blue stone, and skim off everything that floats, and after soaking, sow in faith, that the giver of all things may bestow upon us a bountiful harvest.—*Southern Cultivator.*

DOTY'S WASHING MACHINE,

LATELY MUCH IMPROVED,

AND THE NEW

UNIVERSAL CLOTHES WRINGER.

Improved with ROWELL'S PATENT DOUBLE COGWHEELS, and the PATENT STOP, are now unquestionably far superior to any apparatus for washing clothes ever invented and will save their cost twice a year, by saving labor and clothes.

Those who have used them give testimony as follows:

"We like our machine much; could not be persuaded to do without it, and with the aid of Doty, we feel that we are masters of the position."—*Rev. L. Scott, Bishop M. E. Church.*

"It is worth one dollar a week in any family."—*N. Y. Tribune.*

"In the laundry of my house there is a perpetual thanksgiving on Mondays for the invention."—*Rev. Theodore L. Cuyler.*

"I heartily commend it to economists of time, money, and contentment."—*Rev. Dr. Bellows.*

"Every week has given it a stronger hold upon the affections of the inmates of the laundry."—*N. Y. Observer.*

"Friend Doty—Your last improvement of your Washing Machine is a complete success. I assure you 'our machine,' after a year's use, is thought more of to-day than ever, and would not be parted with under any circumstances."—*Solon Robinson.*

"Your Washing Machine has been in daily use in our laundry and the housekeeper expresses herself as highly pleased with it. It certainly accomplishes a greater amount of work, with less labor, and does not wear the clothes near so much as the old fashioned wash-board. By using it one laundress is dispensed with."—*Wm. M. F. Round, Superintendent of Infant Department of St. Catherine's Nursery, N. Y. City.*

PRICES.—A Fair Offer.

Send the retail price Washer $14, Extra Wringer $9 and we will forward either or both machines, free of freight, to places where no one is selling; and so sure are we they will be liked, that we agree to refund the money if any one wishes to return the machines, free of freight, after a month's trial, according to directions.

No husband, father or brother should permit the drudgery of washing with the hands, fifty-two days in the year, when it can be done better, more expeditiously, with less labor, and no injury to the garments, by a Doty Clothes Washer, and a Universal Wringer.

Canvassers with exclusive right of sale make money fast selling them.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

WEDNESDAY, OCTOBER 6, 1869.

PITT COUNTY.

There is to be a special election soon in Pitt, to fill the vacancy occasioned by the death of Senator Rich, of New Hampshire. Rich died two months before the Legislature adjourned and was buried in New Hampshire instead of in Pitt among his constituents.

Four members of the Legislature were detailed at the public expense, to take his remains not to New Hampshire "but to their final resting place." Not a word was said about taking his remains to New Hampshire; we heard members declare they had been deceived in the matter, they thought they were voting to send his remains to Pitt County.

When the Normans conquered our British ancestors, they forced their laws and rulers over the Britons, just as Yankee laws and Yankee rulers have been forced upon us. For 50 years the Normans, dying, was taken to Normandy for burial.

When will we quit burying our representatives in New Hampshire? If Abbott dies he will be buried in New Hampshire, Ashley at Cape Cod, Brewer at his late residence in Gracer or in New York, with Laflin, Ertes and the carpet bag family. We said nothing about it at the time, for it would have done no good—but we did regard it as a base piece of Holden's treasonery to carpet bag domination, which the people of the State would one day rebuke.

Moy and Cherry are the candidates; Moy is the candidate of the tax paying intelligent whites, Cherry, calling himself an independent candidate, is the choice of the low carpet bag faction, headed by General Laflin and one Col. Smith.

Laflin by his influence with the Governor, has deprived the people of Pitt of a representative for more than six months. Laflin prevailed on the Governor not to issue a writ of election, because after Rich's death "no one could control the negro vote except himself, and he was afraid to go to the County." He is still afraid, he has not been in the county since his election. Pitt is the worst carpet bag-ridden county in the State, always excepting Jones and Lenoir. Laflin is the big dog of the concern, who lays about loose in the city of Raleigh, laughs, loves and drinks whisky, with the Governor, is his State proxy for the North Carolina Rail Road—has a free pass over all the Roads of the State—and is known to have made a base and fraudulent use of them. Yet since this fraudulent use of his free pass he has been seen on a special train with the Governor going to railroad meetings, not with a little "nickle," such as the Governor said we broke in our pocket, but with bottles, baskets demijohns and rundicts of whiskey. Laflin and the Governor drunk from Raleigh to Hillsboro, from Hillsboro to the Shops, from the Shops to Greensboro, from Greensboro to Lexington and from Lexington to Salisbury, where things culminated in a big drink, big drunk and big dance.

The Governor does not dance as does the President, but he "went home with the gals in the morning." Such is Laflin, the great leader of Pitt. The county commissioners are five. And first, with the first—who is one Col. C. W. Smith, carpet bagger, chairman of the Board, who works a forty horse farm, signs official bonds for his friends, and yet, when the Sheriff returns an execution against him, he returns "nulla bona," no goods—nothing to be made. Smith, of his own head, built a bridge, out of his own money, to get to his own saw-mill, over Cornets Creek, only one mile below the the county bridge. Dr. Jesse P. Brown's mill is hard by Smith's bridge. The Dr. would have allowed Smith to make a crossing on his dam, which could have been done at less than $50 cost. Smith sold his bridge to the County Commissioners at $400.

Second Commissioner in rank and importance is James H. Tait, country merchant, who sells supplies for the Poor House. Molasses at $1 per gallon, which sells in Greenville at 60 cents; fish at $10 per barrel, which sell in Greenville for $7; pork at 25 cents per pound, which sells in Greenville at 18 cents, or $17.50 per barrel.

3. Henry Wilkes. We heard nothing of him, except that he was unsuited for his place, and fond of beef.

4. Bynum Barnhill, who had nothing to recommend him but his ignorance.

5. Sam Perry, (colored); said to be more of a gentleman than all the others. We put Sam last because of his color, and not because of his principles.

Originally there were eleven precincts, or voting places, in Pitt. Now there are only five. 1st, Penny Hill, one hundred yards from the Edgecombe line. 2d. Bethel, three miles from the Martin line. 3rd. Bursey's Cross Roads, three miles from the Craven line. 4th. Ballard's, half a mile from the Greenline. 5th. Greenville.

In the northern and eastern portions of the County, some of the voters go from 28 to 30 miles to get to the polls. With such arrangement the chances are for Cherry. What the people seemed to dread most was General Phil. Hawkins, who has two or three hundred negroes under his command, at work on a Railroad which passes through Pitt County. They fear these negroes will be called into service at the polls.

The Sheriff of Pitt is John Foley, carpet bagger, who could not give bond in all the County of Pitt. Like Smith, John, the Sheriff, has gone to bridge building. The old bridge over Albritton's pond cost $400. John Foley, the Sheriff, has built one for $1,750. Half the neighborhood would gladly have contracted to build the bridge for $50".

Cox, the correspondent of the *Standard*, is the Superior Court Clerk. When he speaks in public, the boys interrogate him as to how much of the bounty money he got for enlisting his father's negroes.

Willard the Register *de facto* is from Massachusetts, and made a handsome little fortune out of the carpet-bag Act compelling the registration of deeds. One Fernando, alias Joshua James, was elected Register, and he turns over the office to his carpet-bag father in-law, from Massachusetts.

An old Confederate Quartermaster, by the name of Lewis Hilliard, is the Attorney for this little county ring. Mr. Hilliard is one of those lawyers who has been playing fast and loose, and waiting to see which side would win, before he would commit himself openly and fully. We heard in Pitt, that he expected a Judgeship.

On Saturday last Mr. Moy the candidate, Hon. B. F. Satterthwaite and Josiah Turner Jr., spoke at Greenville. Mr. Moy is a young man of decided talent and a pleasant speaker, he excused himself in a handsome speech, saying that he had been heard in every part of the county, and he would not put himself between the audience and the distinguished gentlemen they had assembled to hear.

Mr. Satterthwaite followed in one of his best speeches. Much of his speech was confined to county matters; the injustice and despotism of the carpet-bag domination which had been established in Pitt, especially, upon the conduct of the county officials closing up the polls in one half of county.

We followed Mr. Satterthwaite and spoke of the fraud and corruption in every branch of our State Government. We told the people much which they had not before heard of their Representative Prince Laflin, the Bowery-boy.

When we concluded the negroes and county ring made a loud call for Hilliard. Mr. H. came forward bearing in his hand some thirty pages of foolscap closely written. The call was neither sudden or unexpected, both Hilliard and the negroes looked for it. The amount of writing would indicate that the arrangement between Mr. H. and the negroes was of two weeks standing.

Some of the young men said Mr. H's. speech was written by Rev. C. C. Stilly, of the Hunnicut persuasion, Stilley being a brother in-law of that old scape-grace of Virginia.

We insisted that the old Quartermaster was up to such a speech as that, but the boys knew brother Stilly's style, and insisted there was too much scripture in the speech for a Quartermaster. The better opinion seemed to be that it was the joint production of the Quartermaster and the political Parson. When the Quartermaster had read all but a few lines of his speech, he said if he was interrupted he would not continue his speech. We had interrupted him several times by questions and replies to his arguments, when he threatened to cut short his speech. We arose and declared he should not be interrupted, and that we would silence the man who should attempt it. Now, we sat close by, and each sheet as it was read was laid aside and we knew Mr. Lewis Hilliard was about through when he left the stand. As he left, the negroes came up with clubs and jack-knives, one pistol only was seen. Mr. Hilliard in his haste jumped over the railing that surrounds the Judge's bench; waved his hand and said, "go back," to his colored friends, while he went in haste straight out of the Court House. Not an angry word or look was passed by any of the speakers, to call forth this hostile demonstration on the part of the negroes.—A carpet-bagger was heard to say to the negroes, "Come up, come up." The Rev. Alston Flood was seen crowding up, when a drawn knife and pistol or two caused the colored people to retire from the Judge's stand and the Court House. The whites stood only on the defensive.

Mr. Hilliard avows he is no Republican, but the negroes say differently. In fact, they applaud him as they would Laflin. There is a secret attending this demonstration of the black Hilliardites which none understand but themselves. We were glad to see such a spirit of forbearance among the white people.

The young men who were present vowed if a blow had been stricken they would have found Mr. Hilliard and his carpet-bag friends. We think it possible that the carpet baggers had informed the negroes that Mr. Hilliard would reply to us, and if any one should attempt to prevent him, they had to fight. As we have no Governor, let us have peace.

Our respects to Joshua; we will attend to his case in a few days. In the meantime, Joshua, did you not *travel* out to the Poor House in the county wagon, and then charge five cents per mile mileage for it? We are going to look into this matter, Joshua. In the meantime, we say, on what we believe to be good authority, you rode in the county's wagon to the Poor House, and then charged the county mileage for it.

GOT OVER HIS FRIGHT.—General Laflin has got over his fright sufficiently to visit Pitt, and look after the new converts. A Radical said he had gone down full of money, to carry the election. If he had said full of whiskey, we should not have gainsayed the declaration. We think when Abbott goes to Florida, or Laflin to Pitt, they should each be arrested under the vagrant act, for they have no means of making an honest living at the places named.

MORE RADICAL RASCALITY.

We begin to see *one* of the reasons why the carpet-bag Public Printer has delayed the publication of the Acts of the General Assembly. When they appear and the people have an opportunity to read and scan them, they will discover such legislation in the interest of the carpet-baggers, the "loil" officials, and, above and over all these, the monster "Ring," as has no parallel in any age or country. This is no empty charge upon a parcel of graceless scamps; it is a serious truth, in which the people of all classes are deeply interested.

But, to the matter in hand: We have heard frequent complaints of the unprecedented and unheard of extravagance of the chief Executive officers at the Capitol. Any one going into the offices will see new, elegant and costly furniture of various sorts; much of a kind not needed; elegant new carpets and window shades; books and stationery in superabundance, of the most extravagant kind; all new-fangled ink stands, pens and pen-holders; letter-holders and presses; safes; fine wash-stands, furniture, soaps, brushes, &c.; cloths, easy chairs, sofas, and many things we cannot now think of, but including clerks, porters and servants, in number at least five times as great as ought to be, or as the people are able to pay for. These things are all on a scale of extravagance, and elegance, and not surpassed anywhere. We understand that the *ice bill* alone, for the Capitol, *for the present summer*, is nearly *a thousand dollars!* There is nothing like the criminal extravagance of these fellows, in gratifying their vulgar, upstart notions of princely ease and elegance. And this outrage is heightened when we consider that the Capitol was conveniently and genteelly furnished when these carpet-baggers and scalawags took possession of it.

We have often wondered if there could be any legislative sanction for this extravagance. On examining the Acts of Assembly, we find there is. The Legislature passed a long Act, defining and prescribing the duties of the Executive Officers of the State. By this Act the Governor is entitled to a Private Secretary, *three Clerks* and *two Messengers*, and all his *official* expenses are to be paid, on his *own warrant!* no limit is prescribed. In the better days of the State, when we had *Governors*, they were entitled to but a Private Secretary, and the present Governor has real use for no more; his duties are light indeed, so much so, that he has constant leisure, and has been absent from the State for the last twenty days, visiting at the North. So it will be seen the Legislature gives him a *carte blanche* as to expenses.

The Act provides that the Secretary of State shall be "furnished with the necessary *furniture* and *Clerk hire* to carry on the business of his office;" so there is no limit on him.

It also provides that the Auditor "shall be allowed such office room, clerk hire, and other expenses as may be necessary;" no limit on him.

It provides that the Treasurer "shall be allowed such office room, Clerk hire and *other expenses* as may be necessary," no limit again.

It provides that the Superintendent of Public Instruction "shall be furnished with such office room, furniture, fuel, stationery, and clerical aid, as shall be necessary for the efficient discharge of the duties of his office, at the expense of the State;" no limit.

It provides that the Superintendent of Public Works shall have his office and "the necessary furniture and clerk hire he shall furnish, and the account as allowed by the Auditor, shall be paid by the Treasurer," unlimited again.

Thus it will be seen that the Governor is unlimited; Treasurer Jenkins, the astute financier; carpet-bag Menninger; Auditor Adams; Cape Cod Ashley; Cebe Harris, each have a *carte blanche* given them by the Legislature, to buy what they please, and have as many Clerks as they please, and all this at the *expense of the State*. We have shown how they use this power. If any one doubts our statement, let him go to the Capitol, pass through the offices and see for himself. If the hard working people, who toil from day to day to raise the taxes to pay for this outrage upon them, could come here and see things as we see them, they would execrate these political upstarts and drive them from the Capitol.

Why, in old times, in the days when honest men occupied the Capitol, the Legislature never thought of granting such unlimited power to any man, especially over the Treasurey, no matter how pure he might be.

But this legislation is like all other legislation done by this terribly corrupt and ignorant Legislature. We tell the people that whenever, in any act of the Legislature, provision is made for the expenditure of money, there is, *intentionally*, no provision made to secure the public; the largest opportunity is *intentionally* provided for fraud, stealage and robbery. This is true to the letter, as any one will see by examining the Acts. We do not hesitate to declare our firm belief that there is a deliberate purpose and combination on the part of the "carpet-baggers" and leading Radicals in authority, to ruin the State and rob the people, under the semblance of law, of every dollar the people, white or black, Conservative or Republican, will submit to pay. There is, indeed, a huge conspiracy, called a "Ring," to ruin the State, and plunder and impoverish the people.

James Gordon Bennett, of the New York Herald, is not in so precarious health as the papers have stated. Advancing years and the intense mental activity of almost half a century of journalism has doubtless produced some effect upon him, but he still supervises the Herald. Mr. Bennett commenced his career in Charleston, South Carolina, in 1823. Afterward he came to New York and became connected with the Courier and Enquirer. On the 9 h of May, 1835, he issued the first number of the New York Herald.

GENERAL SHERMAN has directed that all clerks in the War Department, independent of politics, who desire it shall be allowed to go home to vote at the coming elections.

A national convention of real estate dealers is to be held at Cleveland, Ohio, on the 2d of November next. Forty firms, residing in fourteen States, have endorsed the call for such a convention.

The body of an Indian chief was exhumed in Peoria, Ill. It was in a fair state of preservation, and covered with beads, bells, and Indian trinkets. The affair attracted a crown, who quickly disposed of the skeleton by carrying every particle of it away. The body was found only about 18 inches below the surface of a street.

HARD STORY.—During a recent visit to New York, President Grant expressed a desire to purchase some cigars, and visited quite a number of establishments for the purpose of testing their brands, &c. The result was that, unknown to each other, each dealer visited resolved to make the President a present, and he received not less than *seventy thousand prime Havanas*.

MARINE DISASTERS IN SEPTEMBER.—The number of vessels belonging to or bound to or from ports in the United States reported totally lost and missing during the past month is 64, of which 45 were wrecked, 7 abandoned, 1 burnt, 4 sunk by collision, and 4 are missing. They are classed as follows: 1 steamer, 4 ships, 10 baks, 4 brigs, 41 schooners and 1 sloop, and their total value, exclusive of cargoes, is estimated at $395,000.

CURIOUS PROPOSITION.—It is stated that the Cabinet has under consideration a suggestion to photograph all subordinate officials in Washington, and throughout the country, whose salaries did not reach $3,000 per annum, and that a delegation from New York also make the important suggestion that the Collector, Naval Officer, and Surveyor of the Port of N. Y., unite in requesting Secretary Boutwell to authorize their making contributions to the Society for the prevention and suppression of gambling in that city. They also state that the interests of the Government require that there should be a system of espionage over those in Government employ, and the only practicable way of reaching those guilty of gambling is through the influence of this society. The New York merchants generously contribute according to their business, the firms of A. T. Stewart and Ciffain & Co., each paying $2,500 annually.

THE NORWALK BANK ROBBERY.—The following are the reported losses by the First National Bank at Norwalk, Conn., the robbery of which has been already mentioned:

The bank loses about $30,000 in bonds and bills. Its capital is $300,000. The special depositors lose as near as could be estimated, yesterday—there only being a partial list made out—about $50,000. The burglars also took non-negotiable papers valued at about $60,000. Among the special depositors who lose are Mr. Eben Hill, president of the bank, $17 000. There was picked up among the rubbish on the floor $20,000 which belonged to him; $1,000 he had taken out a day or two ago, and last week he had expended $10,000 in New York—all of which had been previously deposited in the bank. A Mr. Mallory loses $9,000; Mr. Lyon, $4,000; Mr. Tweecy, the superintendent of Mr. LeGrand Lockwood's grounds, between $9,000 and $10,000; Edward Stearns, $11,000; a lady $1,000; and a number of other parties, whose names we could not ascertain, smaller sums; James Dasham deposited $700 on Thursday, and lost it all. A Mr. Jesse Smith had a deposit of $7,000, nearly all his fortune. Lockily for him, he found his package among the rubbish on the floor.—In another box containing the bonds of a widow, was a lot of coin which was left.

THE TAX ON FARMERS AS "PRODUCE BROKERS."—Deputy Commissioner of Internal Revenue, J. H. Douglass, on Saturday addressed a letter to Assessor Woodall, at Wilmington, Del., "relative to special tax of farmers who sell the products of their farm from the steamboat wharf, or along the market wherever they can find a place to unload the same, but having no particular stand." The Acting Commissioner says: "The farmers whose occupation it is to sell the products of their farms away from the place of production, and at a store or stand, are liable to special tax as produce brokers. Persons selling in the way described, come in competition with dealers and brokers who pay the special tax, and to exempt the farmer from the tax, when doing the same business, would be manifestly unjust. The farmer who *actually makes it a business* to sell, should be held as a produce broker. *Occasional acts, however*, do not create a liability to the special tax, and as it is believed to be the policy of the law to place as few restrictions as is consistent upon agricultural producers, the statute should be *construed liberally*."

DIED:

GLASS SPECTACLES,

Superior to any other in use—constructed in accordance with the science and philosophy of nature, in the peculiar form of

A CONCAVE CONVEX ELLIPSIS,

Admirably adapted to the organs of sight, and perfectly natural to the eye, affording altogether the best artificial help to the human vision ever invented. Used only by

MORRIS BERNHARDT,

SPECTACLE & OPTICAL MANUFACTURER.

THE ADVANTAGES of these Spectacles over all others are:

1. **They can be worn with perfect ease** for any length of time at one sitting, giving astonishing clearness of vision, by candle or any other artificial light, comfort to the spectacle-wearer hitherto unknown.

2. **How to select Glasses. It requires** professional guidance even when a good article is offered. Dr. Bernhardt not only has the best Glasses that can be found in the market, but carefully examines the eyes of his patients, and gives indispensable advice as to the proper selection of them.

3. **When the eyes ache or pain through** the action of a bright light, such as is reflected from the snow, sunny weather, white paper, and in reading, writing or sewing, or vivid colored bodies; these lenses, by softening the rays, effect a most agreeable sensation and give great relief.

4. **These spectacles are scientifically** adjusted to every case of defective sight with unerring accuracy, whether arising from age, strain, over work, or premature decay, by Dr Bernhardt on a new and exact principle, entirely his own, which has seldom failed to be correct.

5. **After several years of public practice** adjusting spectacles to patients under every aspect of defective vision, as well as experience in an extensive, long established business in his Optical Stores, both here and in Europe, Dr. Bernhardt considers it a sufficient guarantee of his ability to supply such glasses as are best calculated for the assistance of imperfect sight.

6. **M. Bernhardt, to signalize himself** from the host of pretenders in his profession, with pride submits for inspection, copies of testimonials he has received from medical gentlemen of the most unquestionable respectability and talent in America; also a number of certificates from well known gentlemen of distinction who have used his spectacles—the originals of all which he will be happy to show to those who may request it. The use of any of the following names or certificates hereunto affixed, without an actual possession of the same, would be a forgery, a capital offence, punishable by State imprisonment.

Testimony of Recommendations from Medical Gentlemen, Professors of the highest Opthalmic talent in Raleigh, N. C., and in the Union

Raleigh, Aug 24, 1869.

I have carefully examined Prof. Bernhardt's Spectacles, and take great pleasure in recommending him to those who, having defective vision, can be made to see more clearly and distinctly by the use of glasses. He has wonderful skill in this respect. The pair he has supplied me with are of Brazilian Pebble, of most superior quality and excellent finish. They enable me to see how to read, or write, at the ordinary focal distance, as clearly and distinctly as I did twenty years ago. I very cheerfully bear testimony both to the Professor's skill and to the wonderful properties of his glasses.

CHAS. E. JOHNSON, M. D.

Raleigh, N. C., Aug. 24, 1869.

I take great pleasure in saying that the Glasses I have obtained (and am now using) from Dr. M. Bernhart are to me a source of greater comfort than any I have previously used; my own experience fully sustaining the testimonials of excellence and commendation which he has received from gentlemen of science, and high character, in various parts of our country.

WM. G. HILL, M. D.

Raleigh, N. C., Aug 24, 1869.

I take pleasure in stating that I have examined the glasses of M. Bernhardt, Oculist and Optician, and think they are of the best material, and constructed on scientific principles. I would advise those in need of glasses to call on him.

Very respectfully.

F. J HAYWOOD, M. D.

Raleigh, Aug. 24, 1869.

Doctor Bernhardt called at my house and exhibited to me his fine assortment of Australian Crystal Glasses, which are of a very superior quality and workmanship. I take pleasure in saying that the glasses I have obtained from Professor Bernhardt are to me a source of greater comfort than any I have previously worn and cheerfully commend them to those who may be in need of glasses.

W. H McKEE, M. D.

Raleigh, Aug 25, 1869.

After an attentive examination of the various glasses in the possession of Dr. M. Bernhardt, accompanied with his explanation of his mode of preparing and adjusting them, it is with great pleasure I state my belief of his great skill, and of the benefit which those needing glasses must derive from his assistance.

B. S. MASON, D. D.,
Pastor Prot. Episcopal Church.

Raleigh, Aug 25, 1869.

Dr. M. Bernhardt, Oculist and Optician, has fitted me with a pair of Spectacles superior to any article of the kind I ever had before. The material is Australian Crystal, the quality of which renders vision very clear and distinct, and enables me to read and write with as much ease as I did ten or twelve years ago. His assortment of glasses is most complete and the finish apparently perfect. I take great pleasure in recommending him to all who need their sight improved.

DRURY LACY, D. D.,
Late Pres't. of Davidson College, N. C.

Raleigh, Aug. 26, 1869.

It gives me pleasure to bear witness to the extraordinary value and excellence of the glasses prepared and furnished by Prof. Bernhardt. To those who need artificial aid for their vision he will be of the highest service.

J. M. ATKINSON,
Pastor of the Presbyterian Church.

State of North Carolina,
EXECUTIVE DEPARTMENT,
Raleigh, March 28, 1866.

I have examined a large number of the glasses of Prof. M. Bernhardt, and with pleasure certify to their superior excellence. I wear a pair of them and see as perfectly as I could in my youth. They are the best I ever used, and I therefore heartily recommend him to the patronage of the public.

JONATHAN WORTH,
Governor of North Carolina.

State of South Carolina,
EXECUTIVE DEPARTMENT,
Columbia, June 19th, 1866.

Sir: I have made a full and satisfactory test of the Spectacles procured from you, and I have the pleasure to say that the glasses are better adapted to my eyes than any I have ever used. The facility with which you fitted the glasses to my eyes, furnished me conclusive evidence of your scientific skill in optics and your thorough experience as an Oculist.

Your attainments in your profession entitle you to the confidence, patronage and gratitude of the public. I have the honor to be,

Very respectfully yours,

JAMES L. ORR,
Governor of South Carolina.

Prof. MORRIS BERNHARDT, Charleston, S. C.

Wilmington, March 31, 1866.

I have examined a number of Professor Bernhardt's Glasses and am now using a pair of them, and take pleasure in testifying that they enable me to see better than any others that I have used, while in his collection there seem to be some adapted to remedy any kind of defect in vision.

THOMAS ATKINSON,
Bishop of North Carolina.

Nashville, April 27, 1867.

The difference between Dr Bernhardt and most Opticians is, according to my observation, that while they pretend to more than they know, he knows more of his business than he professes.

W. K. BOWLING, M. D.

Testimonials similar to the above may be seen at Dr. Bernhardt's office, from the most reliable and well-known gentlemen of the United States, among whom are:

HORATIO SEYMOUR, Governor of New York.

DRY GOODS.

WIDE AWAKE HOUSE!

DOWN STAIRS FULL; UP STAIRS FULL; SHELVES FULL! PILED ON THE COUNTER; PILED ON BOXES AND ALL ABOUT THE HOUSE!

COME TO CREECH'S!!

DRESS GOODS! DRESS GOODS! In great variety; Styles new; Goods pretty, cheap enough to buy.

FRENCH MERINOES,

In which I recognize no competition, as they will be sold just as cheap as they were when Cotton was 10 cents per lb. and money equivalent to gold.

ALWAYS COME TO CREECH'S to buy MERINO DRESSES for my money is as good as anybody's; I bought them as cheap as anybody, and I intend to sell as cheap as anybody. That's the way to talk it.

GOODS FOR MEN AND BOYS' WEAR,

Such as Kentucky Jeans, Tweeds, Satinets and Cassimeres. No better assortment or greater variety in the city. In fact, I have enough to keep the boys, the youths, the young men and the old gentlemen, all warm. Step in at Creech's and look at them before you buy.

HATS! HATS! HATS!

For Gent's, Boys and Children. Pull off your old summer hat; it's too late to wear it now; style is changed. In fact, a new hat looks best, anyhow. Call at Creech's corner and examine, before you buy a new Hat.

SHOES! SHOES!

One among the largest and best assortments in the City. Come, pull off your old shoes, throw away those that are worn out, and put on a new pair. Keep your feet dry, and preserve your health. Always come to Creech's before you buy.

Ladies and Misses' Hats! Hats!

No use to talk. The style has changed. Spring and Summer styles are out of vogue; so go to CREECH'S. HE ALWAYS KEEPS THE NEW STYLES.

LADIES' BONNETS.

Some small enough; some large enough; some trimmed; some untrimmed. It won't do you any harm to call at Creech's before you buy.

CLOAKS AND SHAWLS.—A Fine Assortment.

Now don't you think you had just as well step over to CREECH'S, and look. Probably you will save time and money. In fact, that is just the very place to get the worth of your money; and permit me to tell the people, that when they visit the City, to COME TO CREECH'S, for thousands who have come, acknowledge the truthfulness of my assertions.

I have more to say to you, but will tell you the balance at my place of business.

NEW ADVERTISEMENTS.—See the notice of sale of lots in the new Cemetery, which comes off on Tuesday next, 8th inst.

Money found, call at the Express Office.

Horse stolen from B. F. Ballard, Louisburg, for which a reward is offered.

D. D. AND B. INSTITUTE.—About sixty pupils have arrived at the Deaf and Dumb and the Blind Institute; many of them new ones, and the prospect bids fair for a larger attendance during the session now opening, than during any previous one.

AGGRAVATING.—About 9 o'clock last night, the gas failed and left the city in darkness; and as we were in the city, we shared the same fate. Accidents will happen in the best regulated families, but this fact renders such events as being left in darkness in a printing office, none the less vexatious or inconvenient. We hope this will not occur again until the moon fills.

WAKE SUPERIOR COURT.—The Fall term of this Court, actually began yesterday, (Tuesday.)

The following is the list of Grand Jurors: J. R. Whitaker, foreman; J. C. Partin, W. H. Burt, Handy Lockett, Drury Partin, Nathan Adams, Jasper Fleming, C. H. Stephenson, W. B. Fowler, Wm. Jenks, John Taylor, Allen Bailey, C. M. Holt, Elbert Norris, P. Judd.

His Honor charged them on their duty to make inquest of all crimes tending to the breach of the peace, corruption of morals, and other matters pertaining to the preservation of order and peace in the community; all of which, if they do, they will have their hands full.

The *quality* of the charge did well enough; its *manner* was more suited, we thought, to a stump speech than to a grave charge from a Judge on the Bench. But that is a mere matter of taste.

There are a large number of criminal cases on the docket, mostly of larceny against negroes. It must be evident to any one that the present arrangement of the Courts—only two in the year—is not suited to the exigencies of the times. It is true the terms may be prolonged so as to try all the cases, but, it is too expensive to keep prisoners so long, besides, the accumulation of criminals for six months, is in many cases, too great for the jail facilities, as they exist at present.

ROBBERY.—On Monday night, three stores in this city were robbed of money, L. E Heartt's of about three or four dollars; I. Ettinger's of twelve dollars, and A. Creech's of between $125 and $150, all taken from the money tills before the stores were closed.

Tuesday morning two colored boys, Boston Moore and Archie Perkins, aged about 14 and 16 years, appearing flush of cash, were arrested, and ninety dollars recovered. They were taken before the Mayor, and committed to jail to await an indictment by the Grand Jury, now in session.

In each of the robberies, one of the parties engaged the attention of the Clerks, while the other slipped behind the counter and stole the money. At Mr. Hearth's and Mr. Ettinger's they entered by the front door; at Mr. Creech's, by the back door. Mr. Creech, in addition to the money, lost a Colt's revolver which lay in the drawer with the money.

MATRIMONIAL.—During the month of September, the Register of Wake county issued licenses to 26 couples, connubially inclined—19 whites and 16 colored.

The Cuban Privateer "Hornet" is still detained at Wilmington. The "knowing ones" think that an investigation will result in her release.

The Asheville *News* has information that the Shops of the Western N. C. Railroad, will be located at Old Fort, about 24 miles east of Asheville, upon lands owned by G. W. Swepson, S. McD. Tate and G. C. Davidson.

THE LOUISIANA EQUITABLE LIFE INSURANCE COMPANY OF NEW ORLEANS.—This is one of the very best companies in the country. It has the endorsement of Bishop Wilmer, Gens. Beauregard, Hood, Harry Hays and the leading men of New Orleans. General Beauregard says: "Its Officers and Directors have been selected from our most reliable and intelligent citizens.

Instead of sending $40,000,000 annually North, our citizens can find better companies at home.

ON ACCOUNT of the great number of wonderful CURES of *obstinate* and *inveterate* cases of SCROFULA, DYSPEPSIA, LIVER DISEASE, KIDNEY AFFECTIONS, GENERAL BAD HEALTH, &c., made by the *celebrated* "KOSKOO," it has won the *unenviable reputation* of being the *best* and *most popular* medicine *ever discovered*. Ladies suffering from any disease peculiar to their sex, can be restored to health by using DR. LAWRENCE'S "WOMAN'S FRIEND." It purifies the secretions, and restores the system to a healthy condition.

U. S. COMMISSIONER'S COURT.—Wm. Mangum and Wiley Pennington, both colored, were up before Commissioner Porter, yesterday, on a charge of stealing a U. S. Mail key, some time in April last. They broke into the house in which the Post Office at Dayton, N. C., was kept by Mrs. Rosina Marshall, Post Mistress, stealing a number of articles, among them the mail key. The evidence was strong against them, and both were required to give bail for their appearance at the next term of the Federal Court. Pennington gave bail, but Mangum did fail, and they put him in jail.

RETURNED.—His Excellency, Gov. Holden, returned home yesterday. We cannot add, in the usual parlance on such occasions, "apparently in fine health and spirits," for we have not yet seen him. Some seemed to think he was making an unusually long stay from the Capitol. Indeed, we had begun to feel a little uneasy about him; but we knew if he *could* get home, he would; he could not resist the pathetic appeal we made to him last week to come home. David, the man who "bears the bag and what is put therein," got home on Monday. There are some behind yet.

STATE FAIR.—It may not be generally known that visitors to the ensuing State Fair to be held on the 19th, 20th, 21st and 22nd of October will be passed on the Rail Roads for one fare. Those buying tickets ought to mention the object of their visit to Raleigh to the Rail Road Agent, who will arrange matters for them. Articles intended for exhibition will be carried both ways free.

The citizens of Snow Hill, Green County, held a meeting on Saturday last in relation to the scheme of constructing a Railroad from Goldsboro to that place, and thence to to the town of Greenville, Pitt county.—Some portion of the citizens of Greene, backed by the influence of the Wilmington and Weldon Rail Road, wish to make Weldon the connecting point.

The *Journal of Commerce* says that the negro boys of Newbern have been seized with a mania for gambling.

We see by the Charlotte *Observer* of yesterday, that on Saturday night the plank kiln of Messrs Rudisill and Ashbury, caught fire and was consumed. About 4,000 feet of lumber was burned.

A negro man was shot and killed in Union County near Monroe, on the 20th ult., by a Mr. Burton Laney.

Henry Edmundson, a noted horse thief, was convicted at Polk County Court last week, of horse stealing, and sentenced to the Penitentiary for ten years.

J. C. Baird intends to establish a Broom Factory at Asheville soon.

The *Plaindealer*, says, Wilson is to have a first class brass band.

The Steamer Olive has commenced to make regular trips between Norfolk Virginia and Washington N. C.

There is to be a grand Tournament at Stantonsburg, to come off on the 21st inst.

Tuesday Evening Dispatches.

WASHINGTON.

WASHINGTON, Oct. 5.—The Supreme Court assembled. No quorum

Boutwell, failing to reach Philadelphia last night, tries again on Saturday. The administration is on the defensive in regard to charges of complicity with the gold speculation.

The Supreme Court will probably hear the Yerger habeas corpus on Friday. The case involving the constitutionality of the cotton tax will soon be argued.

FROM RICHMOND.

RICHMOND, Oct. 5.—The Legislature met at noon with full attendance in the House. A temporary organization was effected, with Wm. McLaughlin, of Rockbridge Speaker, and R. G. Jones, of Albemarle Clerk, and adjourned until to-morrow, when permanent officers will be elected. Bowden, Wells Republican, protested against any officer, temporary or permanent taking his seat, who had not taken the iron clad oath.

The Senate met, with Lieutenant Governor Lewis in the Chair. The organization is not yet completed, but it will be that of the canvass last night—Davis, the old incumbent, Clerk; Wirt Harrison, the old incumbent, Sergeant-at-arms; Minor, of Landon, first, and Abraham Hall, second door-keeper.

WASHINGTON.

WASHINGTON, Oct. 5.—The Revenue Department entertain fears that Collector McGee is killed or has absconded, as he has not been heard of since the 21st of August.

There was a full Cabinet to day.

Ben. B Kiory has been appointed Collector in the third Mississippi District.

Hoar decides that Sherman's recent order, excluding Claim Agents and Attorneys from prosecuting claims before the War Department, illegal.

Supervisor Pressbury reports forty stills seized, a thousand gallons of whisky captured and 35 men arrested in the Virginia mountains, by a squad of Federal cavalry.

Samuel Perdue negro member of the North Carolina (?) Legislature, on trial here for larceny, has been acquitted.

No Cabinet developments.

VIRGINIA.

RICHMOND, Oct. 5.—The Senate elected all the officers mentioned in the noon dispatches. A Wells Republican making the same protest as was made in the House against their entering upon office without taking the iron-clad oath. The Senate then adjourned till to-morrow. Both parties caucus to-night—the Wells men to repair their ticket for speaker, Gen. D. B. White, who was nominated for that position last night, being regarded as objectionable to Gen Butler, having challenged him when in this city, has withdrawn, and the ticket will be changed to-night. The Wells Republicans had a regularly nominated ticket for officers in the Senate to-day, which received six votes.

There is little talk about the Senatorship today, in view of the more immediate interest in the choice of Speaker by the Walker men to-night.

Robert Dunlap, Private Secretary of President Grant, is in the city to-day.

STAUNTON, Oct. 5.—A man named McClellan, from Pennsylvania, was killed at Charlottesville to-day in attempting to leap on the train.

Great preparations are made here for the Valley Agricultural Fair, which commences Tuesday.

CONNECTICUT.

HARTFORD, Oct. 5.—Full reports of the flood show an immense damage to bridges; fast cuts have been swept away, and several lives lost.

WILMINGTON

WILMINGTON, Oct. 5.—This morning the case of the Cuban privateer was carried before Gen. Allen Rutherford, the U. S. Commissioner for the Cape Fear District. Judges Person and French appear for the Government and George Davis, Esq., and O. P. Meares for the defendant.—The parties were arraigned on the charge that "they did accept and exercise a commission to serve a foreign people in war, to-wit, the people of Cuba against the people of Spain, a country with whom the United States is at peace, and did fit out and arm, and did procure to be fitted and armed within the limits of the United States, a certain ship or vessel called the "Cuba," with intent that the said vessel should be employed in the service of the people of Cuba to cruise and commit hostilities against the people of Spain, a country with whom the people of the United States are at peace, and did enlist and serve on board of said vessel with intent to cruise and commit hostilities against the people of Spain, in violation of the statutes of the United States, and of an Act of Congress of 24th of April, 1818. The Government not pressing the matter, the parties were not required to give bonds for their appearance at the time specified, but were placed in custody of U. S. Marshal Neff, who released them on parole of their personal assurance that they would not attempt to leave. The Counsel for the government made the point that the vessel had been fitted out in the United States as charged in the indictment of crime, that to commit hostilities against a government with which the United States is at peace, and to make it a prima facie case, they asked for a continuance to allow time to secure the presence of witnesses for the government from New York and Washington. The Counsel for the defendants opposed the motion for continuance, contending that the United States had no right to hold them as the vessel was commissioned by a regularly organized Government, the Republic of Cuba, that she put in at Smithville in distress and that it was contrary to the law of nations to detain her. Commissioner Rutherford decided that it was a prima facie case, and granted the Government until Monday, 11th instant, to produce witnesses.

THE UTLEY

COTTON PRESS.

A NEW combination of power, whereby all friction is overcome. The simplicity, economy and durability of this PRESS astonishes all who see it, and the more so that a power so simple should so long have been unappropriated. With this Press, two men can do all the packing or pressing of a 500 pound bale inside of eight minutes: and it can be readily taken down and transported, as it is simple and light. We can supply these Presses cheaper than any yet offered to the Planter. Will send circulars to any desiring, and we would advise all persons wanting presses to withhold buying until they examine this.

THE PRESSES are now being manufactured at the SASH AND BLIND FACTORY OF THOS H. BRIGGS. All are assured that as between this and any other there is no argument as to the merits over all others. With the irons, any ordinary workman can put them up. The patentee is here for a few days, and will take pleasure in explaining its merits.

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the *June* number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 589 policies, received an income of seventy-eight thousand dollars, and possessed net assets amounting up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 12,827 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested net assets amounting to over Ten Million Three Hundred and Fifty Thousand dollars. And this wonderful ratio of growth has been sustained in 1869."

YET DISCOVERED!

DISEASES OF THE BLOOD.

"The life of the flesh is in the Blood," is a Scriptural maxim that science proves to be true. The people talk of bad blood, as the cause of many diseases, and like many popular opinions, this of bad blood is founded in truth. To say nothing of those humors that are hereditary, we can easily see how the Blood may become bad from imperfect Digestion or failure of excretion, and how this may influence the process of Nutrition, and thus influence all the functional activities of the body.

The symptoms of bad blood are usually quite plain—Bad Digestion—causes imperfect nutrition, and consequently the circulation is feeble, the soft tissues lose their tone and elasticity, and the tongue becomes pale, broad, and frequently covered with a pasty, white coat. This condition soon shows itself in roughness of the skin, then in ERUPTIVE and ULCERATIVE diseases, and when long continued, results in serious lesions of the Brain, Liver, Lungs, or urinary apparatus. Much, very much, suffering is caused by impure blood. It is estimated by some that one-fifth of the human family are affected with scrofula in some form.

Persons suffering from any bad humor are very liable to have it settle on the Lungs or some other vital organ. The only safe rule is to remove the Blood poison at once, before it settles itself upon some vital point.

When the Blood is pure, you are not so liable to any disease. Many impurities of the Blood arise from impure diseases of large cities. Eradicate every impurity from the fountain of life, and good spirits, fair skin and vital strength will return to you.

KOSKOO!

AS A

LIVER INVIGORATOR!

STANDS UNRIVALLED.

BEING THE ONLY KNOWN MEDICINE that EFFICACIOUSLY stimulates and CORRECTS the hepatic secretions and functional DERANGEMENTS of the LIVER, without debilitating the system. While it acts FREELY upon the Liver instead of CORTICOSE PURGING, it gradually changes the discharges to a PERFECTLY NATURAL STATE.

SYMPTOMS OF LIVER COMPLAINT AND OF SOME OF THOSE DISEASES PRODUCED BY IT.

A sallow or yellow color of the skin, or yellowish-brown spots on the face and other parts of the body; dullness and drowsiness, sometimes headache; bitter or bad taste in the mouth, internal heat; in many cases a dry, teasing cough; unsteady appetite; sometimes sour stomach, with a raising of the food; a bloated or full feeling about the stomach and sides; aggravating pains in the sides, back, or breast, and about the shoulders; constipation of the bowels; piles, flatulence, coldness of the extremities, &c.

KOSKOO!

Is a remedy of WONDERFUL EFFICACY in the cure of diseases of the KIDNEYS and BLADDER. In these affections it is as near A SPECIFIC as ANY remedy can be. It does its work KINDLY, SILENTLY, and SURELY. The RELIEF which it affords is both CERTAIN and PERCEPTIBLE.

DISEASES OF THE KIDNEYS AND BLADDER.

Persons unacquainted with the structure and functions of the Kidneys cannot estimate the IMPORTANCE of their healthy action.

Regular and sufficient action of the Kidneys is as important, nay, even more so, than regularity of the bowels. The Kidneys remove from the Blood those effete matters which, if permitted to remain, would speedily destroy life. A total suspension of the urinary discharges will occasion death from thirty-six to forty-eight hours.

When the Urine is voided in small quantities at the time, or when there is a disposition to Urinate more frequently than natural, or when the Urine is high colored or scalding with weakness in the small of the back, it should not be trifled with or delayed, but Koskoo should be taken at once to remedy the difficulty, before a lesion of the organs takes place. Most of the diseases of the Bladder originate from those of the Kidneys, the urine being imperfectly secreted in kidneys prove irritating to the Bladder and Urinary passages. When we recollect that medicine never reaches the Kidneys except through the general circulation of the Blood, we see how necessary it is to keep the Fountain of Life Pure.

KOSKOO!

WORKS WITH GREAT SUCCESS IN THE CURE OF

Diseases of the Nervous System

Annual nine-tenths of our people suffer from nervous exhaustion, and are, therefore, liable to its concomitant evils of mental depression, confused ideas, softening of the brain, insanity, and complete breaking down of the general health. Thousands are suffering to-day with broken-down nervous systems, and, unfortunately, tobacco, alcohol, late hours, over-work, [mental and physical] are causing diseases of the nervous system to increase at a fearful ratio.

The symptoms to which diseases of the nervous system give rise, may be stated as follows: A dull, heavy feeling in the head, sometimes more or less severe pain or headache; Periodical headache, Dizziness, Noises or Ringing in the Head; Confusion of Ideas; Temporary Loss of Memory; Dejection of Spirits; Starting during Sleep; Bad Dreams; Hesitation in answering questions; Dulness of Hearing; Twitching of the Face and Arms, &c., which, if not promptly treated, lead to Paralysis, Delirium, Insanity, Imbecility, Apoplexy, &c., &c.

CONCLUSION.

Suffering reader, do not think that because you have tried other remedies, you cannot be cured, but recollect that God, in His Providence, has not afflicted His children with pain and disease, without at the same time giving them something in the Great Garden of Nature that will cure them.

Have no hesitation in writing to me, and stating your case in full, and I will answer you promptly.

SCHOOL BOOKS.

UNIFORM SYSTEM OF

TEXT-BOOKS

FOR NORTH CAROLINA.

Office Publishers' Sup't of Introduction,
RALEIGH, N. C., Sept. 21, 1869.

A DEPOSITORY has been established at Raleigh, in charge of Mr. Alfred Williams, for the following books, which were adopted Aug. 9th, 1869, by the State Board of North Carolina for uniform use in the Public Schools:

PARKER & WATSON'S NATIONAL PRIMER.
PARKER & WATSON'S NATIONAL SPELLERS.
PARKER & WATSON'S NATIONAL READERS.
DAVIES' ARITHMETICS.
MONTEITH & MCNALLY'S GEOGRAPHIES,
MONTEITH'S YOUTH'S HISTORY OF THE U. S.
BEER'S SYSTEM OF PENMANSHIP.

THE NEW DESCRIPTIVE GEOGRAPHY OF NORTH CAROLINA will be ready accept the middle of October, prox. The maps, &c., are now being engraved as rapidly as possible. This work will be furnished with Monteith & McNally's Series, without extra charge.

PROF. JEROME ALLEN'S COMPLETE SYSTEM OF MAP DRAWING will also be furnished to the Public schools with Monteith & McNally's Series, without extra charge.

The books will be supplied at exceedingly low rates to the Public schools in the State.

Similar terms will be made accessible to private schools adopting the above named books uniformly.

Pupils attending the Public Schools will, in accordance with the state contract, be furnished with new copies of Monteith & McNally's Geographies and Davies' Arithmetics in exchange for old copies of Cornell's Geographies and Quackenbos' Arithmetics, which they may possess.

Books will be supplied, carefully packed and shipped, by
ALFRED WILLIAMS,
Depositary, Raleigh, N. C.

Teachers and Educators generally are respectfully invited to correspond with
C. W. LAMBETH,
Agent for the Publishers
and Sup't of Introduction.

From Dr. WM. B. HANDELL, Prin. High School, Snow Hill, N. C.:
SNOW HILL, N. C.

"I am much pleased with both the Spellers and all the Readers; and as to the series of Geographies by Monteith & McNally, I have long used no others when these could be obtained.

From Rev. ALDERT SMEDES, D. D., Rector of St Mary's School, Raleigh, N. C.
RALEIGH, N. C.

I have examined the Geographies—Monteith's [No. 4] and McNally's [No. 5] and find excellencies in both, which eminently entitle them to a wide circulation. It is my purpose to introduce Monteith's [No. 4] into my school. I give it the preference for the information which it gives on the subject of Physical Geography. The maps and questions in both works seem to me to be admirable. ALDERT SMEDES.

From J. W. GULICK, A. M., Prin. Male Academy, Goldsboro', N. C.:
GOLDSBORO', N. C.

I find your books are in use in many Schools in this section. The teachers speak in the highest terms of your Readers and Geographies, and of Peck's Ganot in particular. J. W. GULICK.

From Col. WM. BINGHAM, Prin. Bingham School, N. C.

The introduction of so much valuable matter on the subjects of Physical Geography and Geology, and in a form so simple and intelligible, makes it (Monteith's Intermediate Geography) in my judgment, a charming school book.

"We shall introduce Davies' Bourdon, perhaps others of your books."

From Dr. CLUSE, Prin. Durham Academy, N. C.:
DURHAM, N. C.

I design introducing the present session McNally's Geography and Davies' University Arithmetic; also Boyd's Elements of English Composition. M. CLOSE.

From M. L. LITTLE, Esq., Prin. Pleasant Hill Seminary, Newton, N. C.
NEWTON, N. C.

Will introduce the University Arithmetic next term. Have examined it with much satisfaction. An admirable work. M. L. LITTLE,
Prin Pleasant Hill Seminary.

From Rev. S. IVEY, Prin Auburn Academy N. C.:
AUBURN, N. C.

Monteith's Geographies are excellent works, and I shall introduce them into my school.
STINCEON IVEY.

Prof. WM A. GRAHAM, writing from Hillsboro' Military Academy, says:

The superior and durable style of binding of your works is a very great recommendation—one with which I have long been favorably impressed.

From J. E. DUGGER, Esq., Prin. Male Academy, Warrenton, N. C.
WARRENTON N. C.

"Davies' Mathematics" was adopted by me in 1858, and, up to this time, I have examined no works superior to them as a whole.

I have examined, with a view of introduction, "McNally's Geography" [No. 5] and "Peck's Ganot's Natural Philosophy." I consider them most excellent works, and shall put them in my boys' hands, at the earliest period. The Philosophy is truly an enticing work and must meet with universal commendation. J. E. DUGGER.

From W. C. KERR, State Geologist of N. C.

I regard Monteith's Physical and Intermediate Geography as one of the best books of its kind. It has several points of superiority over most primary Geographies; not the least of which, especially in the eyes of the juveniles, will be found in its attractive and very graphic illustrations. Another is the truly wonderful amount of substantial and really scientific information conveyed by these wood cuts, and the concise and lucid descriptions appended. But the chief excellence consists in this, that Geography is here treated from the only true and rational standpoint, viz: of Geology and Physical Geography; so that the learner arrives, by a natural and easy process, at the true conception of the earth as an organized whole; the designed result of successive changes and modifications, under the control of physical laws, constituting a true growth from a chaotic germ through manifold stages of progress, all pointing forward to its destined end as the home of living beings, and finally of man.

From Rev. G. D. BERNHEIM, Principal of Mount Amoena Female Seminary, Mount Pleasant, N. C.
MT. PLEASANT, N. C.

I have introduced your National Series of Readers with great satisfaction to myself and to our teachers. We find them to be excellent, just suited to our purpose.

With Davies' Mathematical Series we have been long familiar, and can find no good reason for changing them.

In the Primary Department we have Monteith's Geographies, and in the advanced classes we have introduced Peck's Ganot, with much acceptance. G. D. BERNHEIM.

From Prof. JOS. H. FOY, President Stantonsburg Seminary High School, N. C.
WILSON, N. C.

I have carefully examined the claims of the different Series of School Books most prominent before the public at this time. I have tested the merits of many of them in the school and lecture room, and feel no hesitancy in pronouncing the "National Series of Readers and Spellers" the best with which I am acquainted. I shall henceforth use no others in my school, and I shall furthermore use my influence to secure their adoption into other Seminaries in this section.

I use Davies' Mathematical Series in my school. I consider his works incomparably superior in many particulars, even to Stoddard's Course, which is saying a great deal. In fact, I consider it the highest encomium in my power to bestow. I use Monteith's Series in my school. They afford a gradual but thorough and systematic progression, from the simplest rudiments of science, up to a development sufficiently exhaustive for all ordinary educational purposes. Their very superior merit has led me to discard ——, which stands next best on the list.

McNally's, the fifth book of the course, is decidedly the *chef d'oeuvre* of Geographies. No competent instructor can examine it for an hour without being struck with its extraordinary merit. J. H. FOY

From the Statesville, N. C. *American*, February 26th, 1868.

We would call the attention of Teachers in Western North Carolina to the valuable School publications of this firm, which are equal to any in the Union.

Messrs. Barnes & Co., of New York, are now issuing large editions of these Standard School Books for the Southern States. The series consists of the National Primer, or Word Builder, National Elementary Speller, The National First 2nd 3rd, 4th and 5th Readers. This firm will allow no competition in the price of books published by them, which are among the best in the States.

From the Raleigh *Daily Progress*, Feb 20, 1866.

NATIONAL SECOND READER.—We have never examined a volume of its class which we could commend more cordially to parents and teachers.

From the N. C. *Presbyterian*, March 7, 1866.

NATIONAL FIRST READER.—We recommend it to all who desire a valuable book of instruction for beginners.

From the Wilmington, N. C. Daily *Herald*, 1866.

The National Series has attained probably a higher reputation than any other complete series of School Books now in existence.

UPWARD AND ONWARD!!

WHY IS IT BEST TO INSURE IN THE

BROOKLYN LIFE?

BECAUSE,

AMONG OTHER REASONS, IT IS THE ONLY COMPANY IN THE UNITED STATES WHICH PRESENTS THE GREAT FEATURE OF GUARANTEEING DEFINITE

CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

ALL POLICIES

Are non-forfeitable after two full Annual Premiums have been paid.

The policy-holders of this Company may travel or reside where they choose—anywhere on the Globe.

The BROOKLYN LIFE has paid, and now pays to its policy-holders, LARGER DIVIDENDS than ever before paid by a Life Insurance Company.

DIVIDENDS ARE PAID IN CASH,

or applied to the permanent increase of the policy, or left with the Company to accumulate at interest, in either way, at the option of the policy-holder.

GULLETT'S COTTON GIN.

ON EXHIBITION AT MY STORE, A "GULLETT'S STEEL BRUSH GIN."

The Gin is of a very superior style of workmanship, gins more Cotton in a given time than any Gin of the same number of saws; picks the seed cleaner; leaves no motes or nap; does not waste the lint by throwing it over the walls of the room where it is being ginned; does not cut the lint, but brings it out in beautiful bats.

Planters desiring Gins would do well to buy one of Gullett's, as each one is guaranteed, and if it does not have the advantages, over other Gins, named in this advertisement, after fair trial, it will be no sale.

The "Gullett Gin" has been awarded the Premium at the several STATE FAIRS of Louisiana, Alabama and Mississippi.
